St Germaine Part 3. Page 32

Today's Article is about recognizing which of the ACRONYMS is the real

**NATIONAL  
ECONOMIC  
SECURITY  
AND  
RECOVERY  
ACT**

the real one is disguised by Wikipedia telling us G H W Bush had it implemented in 1991 worded as the above. This is NOT TRUE. The reptilian Bush used the word **STABILITY**, (via taxes) and NOT the word **SECURITY**

NESARA<sup>®</sup> prior to 2012, there was a warning from the texts to be wary of NESARA, which did leave a puzzle as the years began to pass, the military generals who originally helped the farmers soon realized that the government had no intentions of implementing the "Accords." So, the Justices authorized the reformations be put into the form of a 75 page document known as the **National Economic Security and Reformation Act (NESARA)**.

2) **New World Order** of Phil Schneider's warning – the SubNasal Emerther Grayles and M.I.M.I.C/false nesara

4) **Cindy Kay Currier** ... To listen to the audio version, click [here](#). **THE HEIRSHIP TRUST**

These TEXTS SAID TO BE WARY OF NESARA prior to 2012 –

**the reason was the cloned acronym by GHW Bush which had it as:**

**National Economic Stabilization and Recovery Act, the one set up to fool us all**

The Hidden Texts prior to 2012 said that NESARA (meaning the cloned account) is run by those from Sirius Group, and to be wary of this 'deceit'. The Sirius Group is strongly allied with the Orion Group. Also known as Freemasons.

"The New Age says that this current time of transition is from the Piscean Age to the Age of Aquarius.

Saint Germain says that he is the teacher of the Aquarian Age.

He will need to have his own due diligence regarding the new millennial reign after his financial reset.

Why?"

We are IN I345 at 2021 and still in the Deceptive Age of Pisces.

Maybe the altering of our calendars by the forces working for Satan will turn, and be to our advantage?

WITH MANY CENTURIES YET TO REACH THE AGE OF HUMANITARIAN AQUARIUS!

i published last year, a comparison between several "new" "world" "order" planetary reset paradigm principles.

First, there is the original NESARA (with the "S" for Security) of St Germain and the Trump mob.

Then the 1991 GHW Bush N E S A R A cloned smokescreen idea with the "S" for taxing ppl for "Stabilization".

Then the pyramid structured Kim Goguen Manna Trust reptilian bloodlines based structure. Identical to previous Anakim monarchy. She (Kim) died a little while back, but a clone managed to attend Antarctica with Schwab. They go see the "fallen ones" (of ante christ).

Then there is the Cindy Kay-Currier reset faction...

And i have forgotten one off hand.

**The ones I had "forgotten off-hand"... was not forgotten –**

**It is the W.E.F. (World Economic Forum) which would have us all owned and run BY the banks! Why did [the cloned] Kim Goguen travel WITH Schwab to Antarctica, where the fallen ones dwell?**

**Not forgetting the Reptilian Reich Empire of the Sirius Subnasal natsi N. W. O. Those of N A S A., M.I.M.I.C., clones, robotoids, synthetics, walk-ins (such as Cliff High) NIV and all the other puppets**

Never liked Wilcox gut told me he was a wrong un. ALso the version out there now is NOTHING like the original

Bad clone !!

**MY OWN CAVEAT**

There must have been a good reason for Bill Ryan to leave Project Camelot – so I have been watching Kerry closely, on the simple grounds she seems to get more airtime than Bill Does.

As in Propaganda.

Sometimes the simple way to check we are being **deceived is if the information arrives via you tube** Such as the dose for Joe Tippens fenbendazole fix Or a Gene Decode telling porkers about EnKi being Lucifer, on a you tube channel

And all those videos with such titles as **GALACTIC FEDERATION**

(go look up “Definition of Federation”)

Or anything from supposed “Pleiadians”.

**MY OWN CAVEAT**

Any man as wealthy as this guy can afford to research such things as:

4,000 year old blueprints of Vril Vimana antigravity craft in the Mahabaratta

(which is HOW mapping of continents was done)

1922 anti gravity patents by Nikola Tesla

1939 Hitlers goes to moon in Hanebrau II

1950s Paperclip back engineered anti gravity

1967, May, Pentagon receives plans for obsolete Hanebrau ship from Val Thor.

Yet brain chip guy still insists on rockets...

And allows his electric cars to be sold knowing the windows and doors will not open when the battery fails, as in, blows up.
