Because Saturn is strong in Aquarius where it can have the most influence over the collective, Saturn is what creates boundaries and thus form. In Aquarius this relates to communities and social structures. In order to create form things need to be restricted, hence we saw them closing down school and parks and things of that nature. But we also saw some of the people become aware of their own divine rights and responsibilities and thus reclaiming their authority.. in pisces there maybe a lot of things happening with ships or the ocean because Saturn creates seafarers and portsman when it's in water signs. It has a little bit of power in the first 10° as it is in its own decan of Pisces, but in Pisces we move into consciousness and ethereal things. Saturn also governs over sciences so quantum sciences no doubt will be a focus and things that create mastery over spirituality and psychic abilities. It will be an interesting 2.5 years. When it moves into Aries will be where things get really interesting tho cos Aries is it's sign of fall.

The first step in liquidating a people is to erase its memory. Destroy its books, its culture, its history. Then have somebody write new books, manufacture a new culture, invent a new history. Before long that nation will begin to forget what it is and what it was... The struggle of man against power is the struggle of memory against forgetting.

Yet it makes an unmistakable 'noise', causes unmistakable physical and mental damage, and unmistakably interferes with daily social life, i.e., unmistakable to a trained observer, one who knows what to look for.

The public cannot comprehend this weapon, and therefore cannot believe that they are being attacked and subdued by a weapon.

The public might instinctively feel that something is wrong, but because of the technical nature of the silent weapon, they cannot express their feeling in a rational way, or handle the problem with intelligence. Therefore, they do not know how to cry for help, and do not know how to associate with others to defend themselves against it.

When a silent weapon is applied gradually to the public, the public adjusts/adapts to its presence and learns to tolerate its encroachment on their lives until the pressure (psychological via economic) becomes too great and they crack up.

Therefore, the silent weapon is a type of biological warfare. It attacks the vitality, options, and mobility of the individuals of a society by knowing, understanding, manipulating, and attacking their sources of natural and social energy, and their physical, mental, and emotional strengths and weaknesses.

ABSTRACT
 A method is provided for acquiring and transmitting biometric data (e.g., vital signs) of a user where the data is analyzed to determine whether the user is suffering from a viral infection, such as COVID-19. The method includes using a pulse oximeter to acquire at least pulse and blood oxygen saturation percentage, which is transmitted wirelessly to a smartphone. To ensure that the data is accurate, an accelerometer within the smartphone is used to measure movement of the smartphone and/or the user. Once accurate data is acquired, it is uploaded to the cloud (or host), where the data is used (alone or together with other vital signs) to

SHOCKING NEWS

🚫 We have proof that in 2015 and 2017, Rothschilds patented the Covid-19 biometric tests.

🚫 Both were submitted and revised years ago, but their release to the public was SCHEDULED for September 2020. This is substantial proof that they were aware from the very beginning of what will occur in September 2020!

GMO Lettuce and spinach could carry the mRNA vaccine directly into humanity's food supply, obviating "informed choice". This follows virus development where a GMO contagious virus would carry the mRNA vaccine. Why are Transhuman scientists so bent on changing the genetic structure of mankind? Humans 2.0. - TN Editor

Vaccinations can be a controversial subject for many people, especially when it comes to injections. So what if you could replace your next shot with a salad instead? Researchers at the University of California-Riverside are working on a way to grow edible plants that carry the same medication as an mRNA vaccine.

The COVID-19 vaccine is one of the many inoculations which use messenger RNA (mRNA) technology to defeat viruses. They work by teaching cells from the immune system to recognize and attack a certain infectious disease. Unfortunately, mRNA vaccines have to stay in cold storage until use or they lose stability. The UC-Riverside team says if they're successful, the public could eat plant-based mRNA vaccines — which could also survive at room temperature.

Thanks to a \$500,000 grant from the National Science Foundation, researchers are now looking accomplish three goals. First, the team will try to successfully deliver DNA containing mRNA vaccines into plant cells, where they can replicate. Next, the study authors want to show that plants can actually produce enough mRNA to replace

Tricalcium phosphate is used to prevent powdered food from caking, lumping, or aggregation and improve the fluidity. We can commonly find it in powdered drink, powdered milk, **non dairy creamer**, instant powders, table salt, **spices** and etc.

Nutritional **supplement**

Tricalcium phosphate is a source of calcium and phosphorus. Its main function in food fortification is to increase the calcium supplement due to its higher calcium content.

Toothpaste

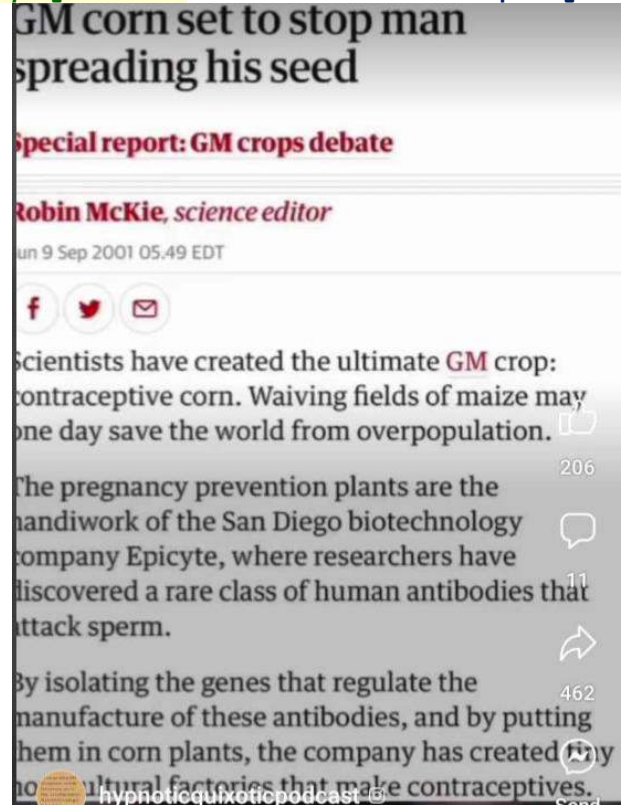

Calcium and fluoride will join together to form calcium fluoride in toothpaste, which makes the fluoride less effective in preventing tooth decay.

Functionalized tricalcium phosphate produced by beta-tricalcium phosphate and sodium lauryl sulfate can prevent this reaction during the storage of toothpaste and thus generate more fluoride and calcium

For anyone really serious regarding the Hidden Texts information which has only been scratched at by me – do find the Bibliography provided by these texts GRAAL the holy grail = the Cup = Casseopea GENIUS ELDER: seen in an ancient coin, a crop circle at Sparsholt (and ignored), also met by Alec Newald for ten days
- ISSUES ORCHESTRAL ANAGRAMS this is not the first time the texts have said who and what provided the Hidden Texts – being CHANI who I suspect happens to be The Hero too. Please research the CHANI PROJECT
- SHE READ INUUARD UUELL-GUARDED in order for anyone to find the Ciphers, one first needed the Computer Programmed Template which took Allan Webber over eight years to doggedly compile. With the minor thorn in the works being that Allan does not believe in off world peoples other than angels.
- USEFUL HELL = the "hocus pocus hazard" titled "hell" but in reality is a stargate DUFFS steals, takes away (information)
- DAMNED RING~YESUS~HORSE ~CART ~DEED. The "Ring" is the Chronus Visor. That dangerous piece of equipment buried under Oak Island... the Jesus before the cart = being the prefix either "i", "y" "j" or "x" and it is the latter symbol (Russian Orthodox) that tells us the "i" etc do NOT represent a number "1". I refer you to Sylvie Ivanova and her massive works regarding true history at Megaliths.org . Nostradamus himself gave us a couple of solid hints, one titled GRAND DILIGENCE (herein) and leaving Presage J-562 for anyone with the eyes to see it. This date happens to be the publication of his last Prophecies. You can see this J-562 Presage in the pdf forum UNDER THE YEAR NOVEMBER 1559/2017 OCTOBER 1562 (2020) the cipher for dates is to add 458, the year Jain published the number zero. This information came from collating the Hidden Texts in Quatreins 1 42 2/ 3 26 4/ 4 11 3/ 4 11 4/ 4 32 4/ 4 91 4/ 5 78 3/ 6 76 4 (happens to be the very year 1676 in the April that was Julian calendar) 7 28 4/ 8 91 2/ 9 58 3/ 9 62 2/ 9 73 1/ and 9 91 2/ - these were all derived by Allan Webber's Computer Programmed Template BUT it still took someone to collate them all to find the context! What were the chances of anyone ever finding the result by accident.!
- LEARNED HOUU THIRD LARGER THREADS SUFFERED only by doubting the word ANTICHRIST meaning as everyone has been led to believe, one person; (how could it be? How does one find number one or number two to get to the third AntiChrist?) which took me to investigate. Once I had seen 10 66 and 8 77 with the word spelt ANTChrist (Before Christ) then finding the same five times in the Epistle – discovering that the full term actually is "the third peoples from Before Christ" – we know them as the Nephilim.
- MESSIAH HECTOR is an adverb in two opposing senses here. First it means to bully, a good description of standing up crocodiles. Second in the ciphers Hector was son of Priam, husband of *Andromache*, and the Trojan champion/hero. If we take it as the Hero – it makes more sense that our little J-Rod52 (the "Hero" all throughout these texts is the context meaning ~ and not the Copiests' Aiwass that fooled Crowley). Hag ridden, Riding the Hag – a shot accidentally caught over my farm
- UUHALE always refers to Cetus – from where come both detrimental and positive beings. These texts say the Tau Cetians (Swedes) are the "police department" for the Galactic Elohim Alliances in much the same fashion the Procyon (the "Merry ones") – also a "Swede" in type – do the hands on works such as sasaring undersea reptilian bases etc).

- EARTH'S DNA ISSUES covers a polyglot that encompasses both The Living Library AND the cross breeding of humans, both with off world peoples and with technology, partial Artificial Intelligence. The former deals with Nature, the latter is what the Elohim are encountering as harmful for planet Earth.
- FRINGE FARMERS mostly those from the Nemesis system, but not all – farming humanity and the planet for its resources having left all other planets they invade as wastelands. DEGRADED using genetically manipulated organisms be it bio or techno (nan).
- (FUDGED SHREUUD DEADENING)
- HOARY SUUINE YEAR very cold 2019 or 2031 HYMENEAL (spring) Beginning now as I type – May 2019
- HUMERUS ^{ALKHEMYE LIST} GRAYLE – from the “elbow” of Ophiuchus, the Maitre M’Abus underground GREEDY because they want the entire planet and have been fiddling with the magnetic fields for years with no one knowing why. It seems they are getting the planet ready for an entity that needs higher micro-wave radiation.

FALSE M.E. FLAGS DANGERS the “nuclear holograms” and false asteroid hits **LANDS MIDDLE HALF** of the planet (and the words **BELOUU CHINA 4:94** and “from Vermont to Chile” 10:92:4 and “Dutch Guiana” 10:39:3 would be good pointers)

weather manipulation

A RESEARCHER from Sherborne is lifting the lid on what he describes as “the most pressing issue of our time”. Doctoral researcher David Lim from Sherborne believes governments have the power to deliberately influence the weather.

“It’s called geoengineering, which is the science of modifying our weather to moderate global warming. “Geoengineering may sound OK, but it’s not - geoengineering scientists themselves even admit it’s highly risky. Extreme weather can be created, food prices can be controlled and serious illnesses are linked to the chemicals that are being used,” he explained.

David is among a growing number of campaigners worldwide who believe that covert experiments are being conducted openly in our skies.

He explained: “The UK House of Commons Regulation of Geoengineering (2009) describes reducing sunshine levels by spraying sulphate particles into the sky to create manmade clouds; thereby reflecting sunlight back out into space. Government proposes using aeroplanes to do this, but what I am currently seeing over the South West matches their intentions.”

“Some aeroplane exhaust fumes (Persistent Jet Contrails) now linger in the sky for hours, spread out and form cirrus clouds that partially block our sunlight. Global Dimming is the term used by NASA to describe this kind of phenomenon.”

Many campaigners believe that geoengineering chemicals and insufficient sunlight may be responsible for current increases in Alzheimer’s, dementia, auto-immune diseases, respiratory complaints, cancers and childhood rickets.

David concluded: “I have video footage, found reports, patents, test results and journal articles, all suggesting that the public is being sprayed upon without our consent. If you breathe, this issue affects you. Aside from health impacts, those who control the weather can ultimately control food production, alter biological systems and can use the weather as a weapon.”

Even to the point of signing an agreement in 1976 not to use weather as a weapon.

URGENT Congress to Be Arrested After Trump Announces Gold-Backed US Note?

would something happen to make sure that President Trump couldn't give his address to the nation. In his State of the Union President Trump was expected to announce the (freedom from debt to the Cabal) GESARA Law and a return of US currency to a gold/asset-backed standard. Trump indicated in a Jan. 29 tweet that our global economy was already gold backed. His State of the Union Address would likely contain an official announcement of a new gold/asset-backed US Treasury Note.

There was good reason for Trump to be blocked from giving the State of the Union. The Address to the nation required that Congress vote itself in recess, making it legal for members under indictment to be arrested. There have been over 71,000 sealed federal indictments filed in federal courts across the nation since President Trump took office.

An estimated 80 to 140 Congress people were said named on those indictments (85% to 95% of whom were estimated to be Democrats and thought to include House Speaker Nancy Pelosi for her part in the crooked Uranium One Deal). Charges included High Treason, Election Fraud, Child Sex Trafficking, Murder, Pornography, Money Laundering, Bribery, Perjury, US Taxpayer funds misappropriation, plus crimes of Uranium One, 9/11, Fukushima Nuclear Disaster and Benghazi Massacres.

One of the first topics tabled so I could find them easily. Sent to Paul Hellyer late in 2010, when I had it as 84, and he wrote back correcting me that it is 82. I had included two groups, who already had their member alliances named in the table. Of these 82, 34 are a type of gray or Grayle. 57 ALIEN RACES CONFIRMED

The weight of this first-hand testimony, along with supporting government documentation and other evidence, will establish without any doubt the reality of these phenomena. Sgt Clifford Stone, claim from his time in service, that they had backlogged 57 extraterrestrial species.

Flags are gold-fringe-free, so no longer CORPORATE.. this is a Simpson image of the President following Trump from 2024. So, who is it? Not JFK JNR. Is it a new V.P.

Those of you who heard Siri telling the questioner that the presidency would continue from the *current* (2023) sitting presidency, would have realized that the A.I. was saying that Trump IS the *current sitting* President!

http://www.oocities.org/br/kikolivos/new_earth_orbit.htm
 And here is the formula these guys use:
<http://www.telescope.org/nuffield/pas/solar/solar7.html>
 Distances in all graphs are measured in Astronomical Units, AU. (1 AU is the earth's separation from the sun.) The orbit graph shown above should appear approximately circular, but the new orbit is more elliptical than the current orbit. The lower section of the new orbit graph shows that the earth will go further from the sun (to 1.1 AU at apogee). The upper section shows that it will also approach the sun more closely than it currently does. This closer approach occurs during summer of the Southern Hemisphere. Consequently, summers there will be hotter and the concurrent Northern winters will be milder. During summer of the Northern Hemisphere, the earth will be further from the sun and colder. It may seem strange, but these milder winters and cooler summers in the US and Europe are a terrible curse, as will be realised.

A PHOTOGRAPH that came my way with a very interesting date notation. Written in handwriting identical to that of my grandmother's, born December 1899. This full picture and explanations will appear in the next pdf. Note the sequence of 20/8/912 is not American.

Other photographs in my collection date back to the 700s, and include "Uncle Sam" and President Adams.

We sit in 7531 at '2023' which is 1347½ C.E.
 This 7093 is 438 years ago
 The 1.586 + 438 = 1,024
 We should then be in 1,024, but Greco-Roman-Byzantine Prince Otto had "lost" 324 years in j.676, July 2nd when he titled it the first Millennium of the New Age 1,000 AD when he was actually standing in the year 676, in the middle of that year.
 This 324 needs to be returned. Added back. 1,024 + 324 = 1348. Which, after July in 1347, is exactly correct. The townsfolk knew of this six months discrepancy, because the word for July was Yule. By some serendipity, I caught this knowledge by accident, watching Antiques Roadshow. Twice.

The one question I hear almost no one asking – why would they allow us to think we are almost 700 years further into our future?
 This was all about bringing the Age of Aquarius forward, closer to our own period, to PERCEIVE that.

Yes, the hermit Agafya said the "Year of our lord Adam 7522" which she said in 2014 before she passed.

Pay attention to the date imprinted on the opening, Summer 7171.

The "year of our lord Adam" of which Agafya spoke, for those who have not realized – is the beginning of the history relating to that part of Genesis which describes the advent of the slave human race.* Dated to the day we stand in as 7, 530 years gone by. Up to J680, that was two Fifth Suns ago.

So, if we take December j680 which was Ison-WORMWOOD, from 1346CE, we get 666.

This explains SO MUCH about the Satanic Agenda. Those who work by numbers and where the stars sit, which is why they fiddled calendars in order to bring the Age of Aquarius forward, with over 1200 yet to go.

The word "medallion" is probably not the correct description. It looks more like a manhole cover...

Recall that all "monarchy" are run by off techno-world trade interests, and have done for millennia, which is why there are griffen and space craft appearing on the Hastings-Bayeux Tapestry of i495-6.

BOTH photos here were caught in 2012, by my watching Antiques Roadshow with my trusty camera on my lap. In the days when one paid for images at a shop.
 These two images prove the folk were well aware of the intrusion of the Nemesis solar system, and were quite miffed their calendars had been fiddled with. The J here is Jaare/year, 690 ÷ a half. This was Otto's July New Age of 'Yule'. Silver goblet made within 1 year of J689 Wormwood.

Here is something extremely interesting, spotted last night (January 1 2017) on the Antiques Roadshow, a very old program because Tim Wanacott is one of the experts. <-This is very early in the 1800's (when very late in the 1700s [1795] I spotted a date on an object which still held the "j" as a prefix) and it strikes me that someone was trying to leave a strong clue here. See the "j" and the "J" as the heading? Now look at the **full stop** after the **number one** in the date. All pointers contain eight or 16 'spokes'. Set in stone.

abcdefghijklmnopqrstuvwxyz because in 492 there was no J, and you will see here, that both "i" & "j" are one & the same. This was still in use up to 524 & seen as late as the 746 Culloden coins.

So we see interesting developments with the letter J. In Holland (as it was then) and in Portugal, the J MEANT year of. In Spanish it is pronounced as an H. And now we know why the J499 map describing the expeditions of Celumbo, Drakos, Candisk/Cavendish and Magella used different forms of j prefix. Celumbo/Italy-Spain. Drakos/England. Candisk/UK. Magella/Portugal, as was De Gama. In many countries, both the i and the j up to 492 were the same letter character. How does a huge aircraft, even a fighter jet, make isosceles triangles in the air @ 120 degree angles?

It cant. These are drones and orbs from geoengineering programs spraying chemicals & metallic dusts on all of us.

The texts say there will be two "rolls"; as in Isaiiah's dance. This one may be the first, where Antarctica just makes it to the equator, whereas the tweet from Twitter has it the full 5,200 nautical miles. This came from my pre 2012 pdf titled **SIX POINTERS For the NEW EQUATOR.** WHERE the Hidden Texts say Saudi Arabia will BE the north pole, the Twitter pist shows its boundary touching the Arctic circle. I have another idea about these slight 200 nautical mile differences... That the Earth of google Earth 2011 might be a different size to the one used by the tweet. The other thing i noticed, Antarctica is as far as we know, fairly close to Tasmania and appears that way in my projection. But not on the twitter pist projection.

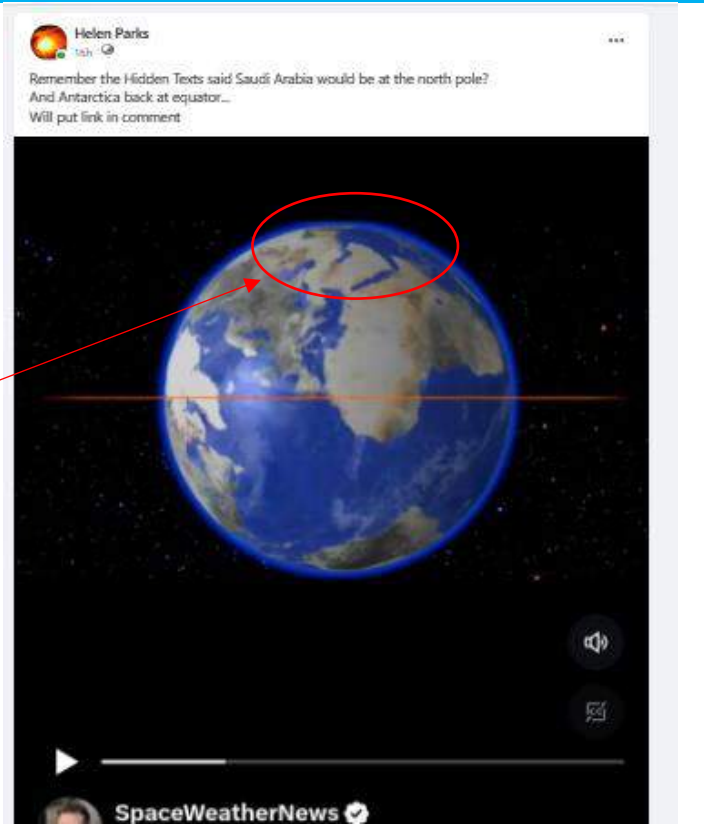

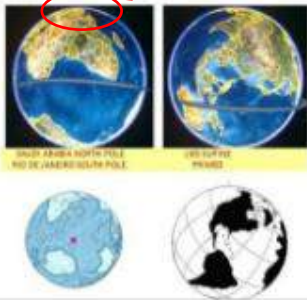

SIX POINTERS TO A 4,800+ NAUTICAL MILE MOVEMENT OF THE EARTH

Repeating what Nostradamus had to say about the Earth LYING DOWN - something which is also stated by Isaiiah...and by Leonardo da Vinci. At this juncture there are now six mentions within the hidden texts - all of which CORRELATE. The one common denominator being that they ... share the SAME DISTANCE OF MOVEMENT.

- 1) That South Africa (as central point) will be situated where Italy is
- 2) that Italy will be "over the top" and Saudi Arabia will be at the North Pole
- 3) That Angila will be "prime real estate" (4413) situated where the Mediterranean is now (and is that why the Chinese have constructed huge empty cities there?)
- 4) That LA (not sure if it is Los Angeles or Louisiana) will be where Turkiye is now
- 5) That Rio will be at the South Pole
- 6) Certain constellation will be "unaccustomed" (594) with Mira at the new North Pole (as it currently towards the south)

Is this mere coincidence? - Or is it imminence? All these moves are over 4,800+ plus nautical miles!!

These are approximate pictures from the Nostradamus Diver EARTH'S NEW EQUATOR on page 7 of the main website.

Because harvesting the adrenaline filled blood of children for the ADRENOCROME has been a practice of secret societies for centuries. There's a reason why thousands of children go missing every day even in a society with cameras on every corner.

Those of you who heard Siri telling the questioner that the presidency would continue from the *current (2023) sitting* presidency, would have realized that the A.I. was saying that Trump IS the *current sitting*
