 YELLOWSTONE F4

THE HIDDEN TEXTS OF NOSTRADAMUS

ı 492 font

De même les lettres accentuées*

lettres doubles et autres. Le u et le v sont identiques ainsi que le i et le j
 letters from [this] meme accentuates letters duplicated for others. The u and the v being identical then the i and the j like so. (the same as each other) ı 492 font

abcdefghijklmnopqrstuvwxyz

because in 492 there was no J, and you will see here, that both "i" & "j" are one & the same. This was still in use up to 524 & seen as late as the 746 Culloden coins.
